# Welcome to Foundations for Life: Level 0

Welcome to the very beginning of your reading adventure! Level 0 is a special place where we explore the shapes, names, and sounds of our uppercase letters. This workbook is your space to practice big movements, fine-tune your listening ears, and begin the journey of becoming a confident reader and writer.

We believe that learning should be as joyful as it is effective. By combining the **Science of Reading** with **play-based exploration**, we help you build a "reading brain" through games and hands-on discovery.

## Student Workbook Directions

This workbook is a companion to the **Foundations for Life: Level 0 Teacher's Edition**. Because Level 0 focuses on foundational skills, most activities are designed to be interactive and guided.

### What We Are Learning

- **Letter Recognition:** Identifying the 26 uppercase letters of the alphabet.
- **Letter Formation:** Learning the "how-to" of writing uppercase letters using consistent strokes.
- **Phonological Awareness:** Developing the "listening" skills needed to hear syllables, rhymes, and individual sounds in words.

### How to Use These Pages

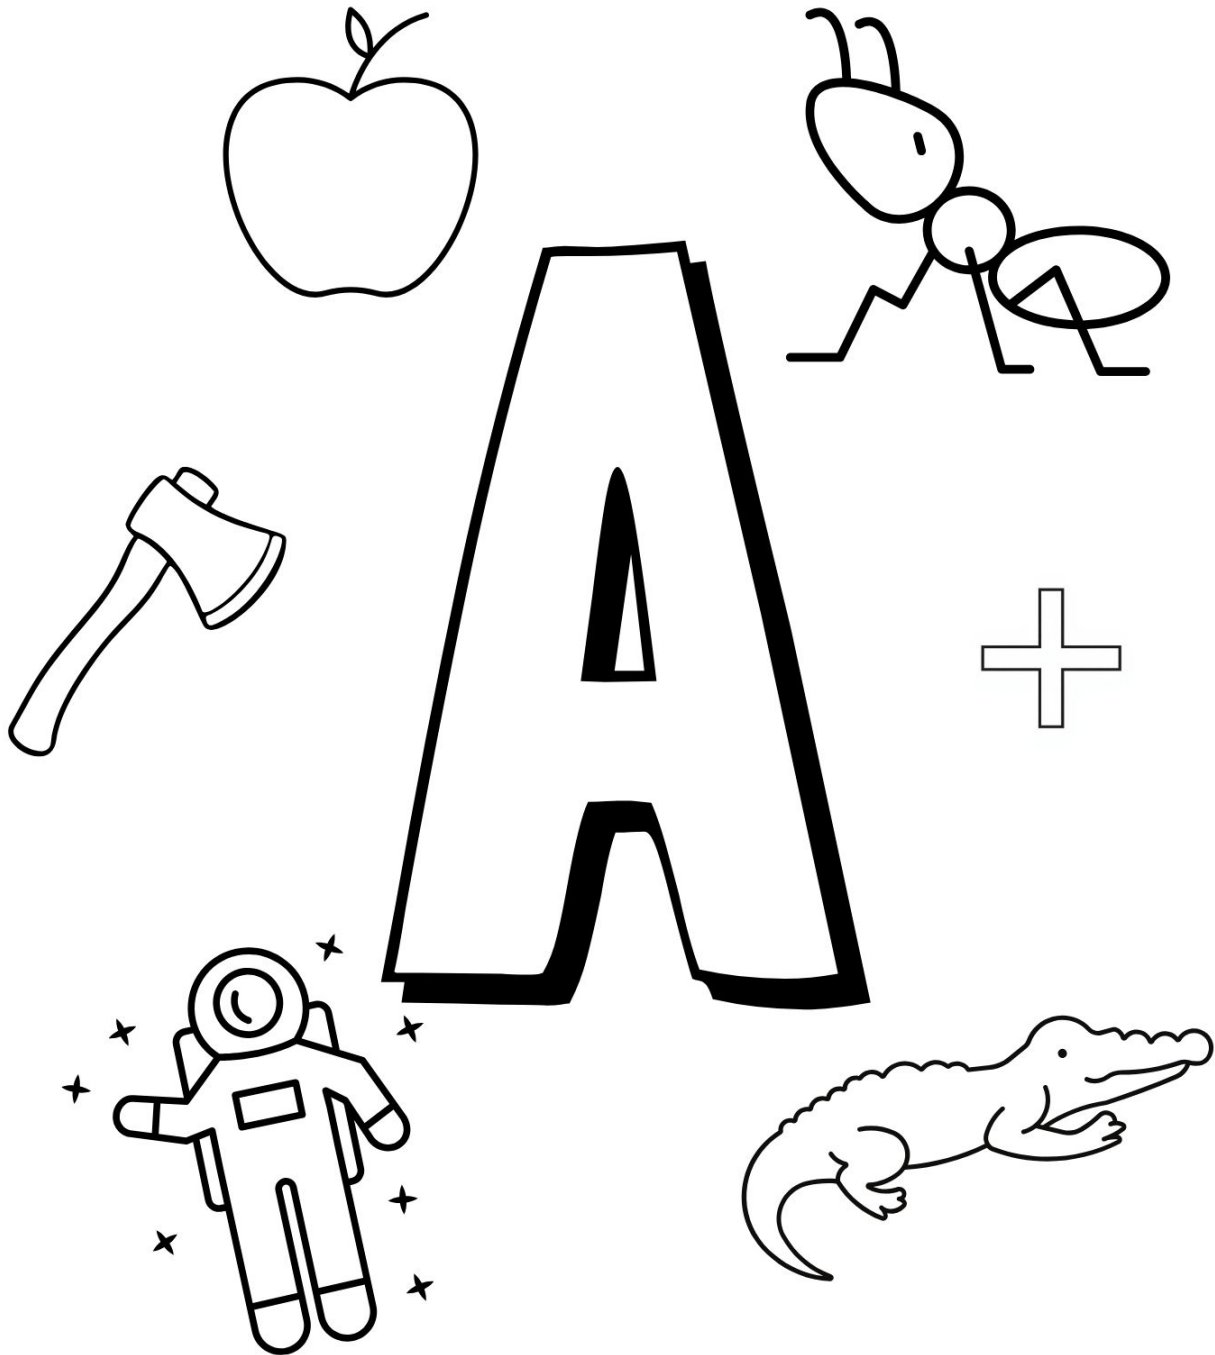

1. **Teacher-Led Instruction:** Every page has a corresponding play-based lesson in the *Teacher's Edition*. Please wait for your teacher to begin the lesson before working in the book.
2. **Letter Tiles:** Located in the back of this book are your "Letter Tiles." Your teacher will tell you when it is time to cut these out. These are used for hands-on sorting and letter-matching games.
3. **Multi-Sensory Tools:** In addition to a pencil, you may often use other materials to practice before putting pencil to paper.

*Let's start playing, listening, and learning!*
